Student at Victor Valley College with experience with front end development using HTML5, CSS3, and JavaScript. Have 3 years of experience using HTML5, CSS3, and JavaScript. Excellent at solving problems and debugging websites. Have a little bit of experience with C++, Adobe Illustrator, and Adobe Animate. Have 1 year of experience using MySQL and Linux operating systems. I've used React and Node JS for 2 years.

EXPERIENCE

JAN 2019 – JAN 2020

WEB APP TESTER, VICTOR VALLEY COLLEGE

Enhanced the look of a QAQC mobile web application by debugging the website and looking for grammatical errors in surveys and checking to see if surveys were submitted successfully.

EDUCATION

JUN 2018 - JUN 2021

COMPUTER INFORMATION SCIENCE, VICTOR VALLEY COLLEGE

3.4 GPA at Victor Valley College and apart of Phi Theta Kappa Honor Society, and have a great understanding of front-end development. I learned about database management systems, Unix Systems, front-end development, and software development. I learned how to use REACT and Node.js from going to VVC. I know how to use Git and Git repositories.

SKILLS

- Problem-Solver
- Embrace Teamwork
- Excellent Communication Skills
- Active Listener
- Organized

ACTIVITIES

I have a lot of experience with HTML5, CSS3, and JavaScript from going to Victor Valley College. I know the fundamental basics for C++, Adobe Animate, and Adobe Illustrator from going to VVC (Victor Valley College) and learning C++ online using CS50. I also have a year of experience using MySQL and Linux Operating Systems at VVC.
